Talking with Patients about Sexuality

Wednesday, April 9th

Program Objectives:

- Identify strategies to improve patient care through education about cancer-related sexual dysfunction.
- Distinguish the difference between the categories of sexual dysfunction and questions to ask for each category to illicit information.
- Discuss how to integrate FSIS and MSIS with patients.
- Discuss common sexual concerns of patients with cancer.
- Discuss possible treatment options for common concern and when to refer out.

Keynote Speaker:
Shannon Bertha, ACS, PhD
